IT’S EASY TO GET STARTED!

Students and Employees of SEARK College can connect quickly and easily to the wireless network by logging in using the same information used on the campus every day! This is an optional service and will support up to 3 devices per person. It will work with most devices that support 802.11b/g/n.

To Log In:

1. Connect the device to the SSID “SHARKNET”.
2. Open a web browser and go to any web page; this should redirect to the Network Registration Center. Click on the only link on the page, “Please click here to connect to the network.”
3. Students will log in using the same information used to print in the classrooms, and it must be typed in lower case letters (where applicable). The formats are as follows:
   - Student\jsmith123 or student\0012345
   - Password will be the six digit birthdate (for example, 011598)

Employees will use the same information used to log into the network every day.

That’s It!

For further assistance contact the Helpdesk at (870) 850-4900 or by email at helpdesk@seark.edu.
