## Forklift Training and Certification

Training covers the safe operation and correct handling of class IV and V internal combustion engine forklifts.

Forklift certification training consists of lecture, practical exam and written exam.

Training is facilitated by an OSHA Instructor.

This course satisfies the training provisions as stated in OSHA Class IV & V Forklift (Powered Industrial Truck) 29-CFR-1910.178.

All training is verified through the successful completion of a written examination and practical exercises.
