

**Southeast Arkansas College**  
**Associate Degree Nursing Program (ADNP)**  
**Program Outcomes and Statistics**

**END-OF-PROGRAM STUDENT LEARNING OUTCOMES**

At the completion of the nursing program, the graduate will be able to:

1. Implement critical thinking skills and clinical judgment to provide client-centered care based on evidence-based practice in a variety of health care and community settings.
2. Utilize technologies to ensure effective communication for the management and promotion of information and delivery of quality client safety and care.
3. Provide holistic individualized care in a safe environment that recognizes diversity in a variety of setting within legal, ethical, and standards to create and maintain continuous quality improvement throughout the life span.
4. Collaborate with client and family as well as other members of the health care team using the nursing process to promote client-centered care, foster optimal health, and improve client outcome through the teaching and learning process.
5. Demonstrate effective leadership skills by integrating delegation and prioritization for effective client outcomes.
6. Function in the ADN role as an entry level staff to assist clients with unmet needs across the wellness-illness continuum by demonstrating knowledge, skills, attitudes, and behaviors through accountability, collaboration, advocacy, and professionalism.

**PROGRAM OUTCOMES**

1. SEARK ADN students will pass the National Council Licensure Exam Registered Nursing (NCLEX) with a 75% or greater on the first attempt.
2. At least 50% of students entering SEARK ADN program in a given year will graduate from the program within 150% of normal time to complete the program.
3. Twelve months after attaining licensure, 80% of graduates will report their preparation to practice in positive terms.
4. 80% of graduates will be employed in a nursing role within twelve months of program completion.
