

Phlebotomy Technology

Southeast Arkansas College Phlebotomy Technology

PROGRAM DESCRIPTION:

This one-semester program introduces students to proper collection, transport, and handling of blood including blood collection equipment, venipuncture, and capillary collection. Pre-analytic complications, specimen collection procedures, forensic toxicology, and collection from adult, pediatric, geriatric, home and long-term care clients are covered. Instruction also includes collection of urine and other body fluids. Laboratory experiences are included to reinforce the didactic content. Phlebotomists may seek employment in inpatient hospital laboratory settings, outpatient laboratories, physician offices, and medical clinics. Program graduates may apply to seek certification through the *American Society of Clinical Pathology* (ASCP) or the *National Health Career Association* (NHA). The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) 5600 N. River Road, Ste 720, Rosemont, IL, 60018-5119.

ADMISSION REQUIREMENTS

High School or (GED Equivalency) Diploma and meet the general admission requirements of the College. Phlebotomy Program admits students each semester (Fall, Spring and Summer Semester).

ACCREDITATION
