

SOUTHEAST ARKANSAS COLLEGE

EMERGENCY MEDICAL RESPONDER (EMR)

The Emergency Medical Responder (EMR) program prepares graduates to make appropriate decisions about the care to provide in a medical emergency. It uses simple knowledge of the Emergency Medical Services (EMS) system safety/well-being of the EMR, medical/legal issues at the scene of an emergency while awaiting a higher level of care.

The program prepares graduates with the knowledge and skills necessary to work as an EMR to help sustain life, reduce pain and minimize the consequences of injury or sudden illness while awaiting or alongside advanced medical help.

This course will consist of lecture hours (4 per week to online) and laboratory hours (2 per week in class). There will also be clinical hours assigned with a minimum of 24 clinical hours mandatory.
